

# WAYWARD WOMAN GIVING FUND IMPACT REPORT 2024

Wayward Woman Giving Fund (WWGF) is a vibrant collective giving fund that encourages Australian women to be micro-philanthropists.

We are a community of individuals who are motivated by compassion and the desire to see positive change in our community.

We come together in the spirit of collaboration by pooling smaller amounts of funds together to create one large sum which is then distributed once a year.

Our focus is on supporting Victorian (Australian) projects and programs that:

- Have the goal of creating social change through art and culture.
- Have a strong focus on working collaboratively with communities.

We welcome Individuals from all backgrounds as Supporters.

## Grant Recipient Testimonial - Pussy Willow Power Collective

“A big thank you for your support to our successful exhibition at No Vacancy Gallery 14-27 October. We had an excellent turn out for the opening and throughout the exhibition. Our themes of gendered violence and complex trauma were thoughtfully and appreciatively discussed and shared with a varied and broad audience.

A small but enthusiastic group came to our feminist collage workshop, where important discussions about the place of women in art were had whilst subversive artworks were created. Some of the affordable works sold during the exhibition, and we are now having discussions with the Queen Elizabeth Women’s Centre Shop about stocking some of the remaining items.

WWGF support was publicly appreciated and acknowledged on our published zine, social media presence and in person discussions, and we are grateful for your supporting our feminist art collective.” **(Kat Rae - Pussy Willow Power Collective)**

We couldn't  
have done it  
without your
